These people are kid traffickers and are NOT to be trusted, Jamaica. UCN was right in the middle of the riffraff here in America during Hurricane Helene. They're there to steal land/homes from victims, block and seize aid and prevent ANY unaffiliated volunteers from outside their network from helping (or even seeing anything) at all.

No, I'm the cure for the disease, bitch. 🖕

Are you fucking retarded or is it just willful ignorance?
